1. [] buzzed to say that on the occasion of General Cabell's recent talk to the Reserve Officers a question was asked as to what could be done to persuade supervisors to be more sympathetic to requests that Reservists be allowed to serve their two weeks of active duty. While the Military Personnel Division knows of no case in which a Reservist has been denied such a request, John is sending me a copy of General Cabell's speech, a portion of which we might consider using in the Support Bulletin. [] and agreed that [] would replace Gil, reporting for duty in the immediate Office of the DD/S on or about 1 October.

3. Stan Grogan buzzed concerning an article in the New Bedford Times which alleges that we occupy a certain apartment building within walking distance of the White House. I told Stan that I would look into the matter after which we could then decide whether or not it would be appropriate to write to the New Bedford Times or the lady in question.

4. [] telephoned to recommend to me an individual by the name of [] who is in charge of the Secretariat for Harold Stassen and apparently is interested in moving elsewhere. He said that Mr. [] background had been basically in the secretariat field but that under Mr. Stassen he had been doing more substantive work. He recommended him extremely highly and thought that he might fit well into General [] organization or in many other places in the Agency. I will follow up on this.

5. [] also said that he and Bob Macy were reluctant to sign off on our apportionment request. Apparently they feel that the total funds for regular operations should be our goal for the whole year. I told him that I would look into this and telephone Bob sometime early in the week.
